

Hi Folks,

Welcome to the Side Street Design Studio where each month I grab a handful of my prompt cues and create a piece of art. I find this is a great way to keep creating and keep challenging myself.

On the 2nd Saturday of each month I pull some prompts and then create an art piece from them over on my Youtube channel.

(<https://www.youtube.com/c/sidestreetdesignllc>)

You can follow along and use my pulls to create your own page to share in my new facebook group Side Street Design Studio, or print and use the cues provided on your own.

I included some Ranger ink products because I have a lot I'd like to use up this year. If you don't have those items feel free to substitute something else.

There are 5 main prompts and 2 alternate prompts, you can use all 7 or swap out some of the main ones for alternates.

These are just to get the creative juices going, no rules, just endless possibilities.

Enjoy!
Christine
